late.

Homura-chan,
we have to get
going to school soon
or we're going
to be—

10分
10分

I'm almost
done...

Wat...

... I could
help you
out with
it...

Don't be
ridiculous!
If I miss out
on my time
with you my
Soul Gem would
get dirty!

The two of us
were having fun
when you had
homework to
do... I'm sorry I
didn't realize.

CLUNK

Homura-
chaaaaaan.
Let's go to
school. ♡

Ding
Dong

I'm...
sorry...
I'm...late...

We don't
have to rush.

Hmmm?
What about
your family?

panic

Different meaning?

Oh yeah.
My Mom
once said that
there's different
meaning to it
depending on
the place
you kiss.

There are others...
a kiss on your hair means
fondness, on your forehead
means friendship, on your
eyelids means adoration...?
The back of your hand
means respect, and a kiss
on the lips means love.

Deep affection.
Konomi-san
holds a deep
affection for
me!

A kiss on the
cheek means deep
affection... Is that
why they see me
off with a kiss on
the cheek?

Hm? That
reaction
makes it
seem like
you're
against
it...

That's not
true! Not
true at all!

Eh!?

I've gotta
give you a
kiss on the
forehead
later!

Sure.

Shall we
go to bed?

Flip

The
meaning of
a kiss...

Good
night.

1...
2...

It's...
tonight...
right?

I'm...
about
to....!!

Ahh...
Homura-
chan...
!!!

I'm
heading
off.

...but Homura-
chan, we can't
erase what
happened.

Yeah...

They're all
precious
memories.

you're
right.

Ehh?

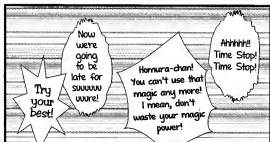

Ah!

Never mind
then, I take
what I said
back! Forget
about it!

Then I'll consider
that kiss you messed
up on just now as
an embarrassing
memory of yours.
I'll be sure not to
forget about it.

Ahhh...

Hmmm...?
I get the
feeling that
we've forgotten
about some-
thing...
